LANGUAGES

- English (Fluent)

PROFILE

With a background in manufacturing and engineering, I possess a strong work ethic and adaptability honed through hands-on experience. My accounting degree equipped me with data analysis and problem-solving skills, further strengthened by a bootcamp in full-stack web development. Now, I'm eager to leverage this diverse background and dedication to learning to become a successful software engineer and contribute to innovative creations.

WORK EXPERIENCE

● Freelance

2023 - Present

● PT PERDANA JATIPUTRA

2017 - 2022

Technical Support

- Responsible for troubleshooting and repairing production printing machines including both software and hardware issues. Provided technical support to ensure smooth operation and minimal downtime of production equipment.
- Conducted regular maintenance and preventive measures to enhance the lifespan and efficiency of the machines. Collaborated with the production team to address technical issues promptly and effectively.
- Documented technical procedures and provided training to staff on the proper use and maintenance of equipment.

● CV Sinaro

2017 (4 months)

Junior Administrator

- Provided administrative support to the team, including data entry, file management, and assisting with client inquiries and bookings for tourism packages.

● ASCO ISUZU

2013 - 2015

Mechanic

- Worked as a mechanic at ASCO ISUZU, specializing in diagnosing and repairing mechanical issues in Isuzu vehicles, including engine, transmission, and electrical systems. Collaborated with team members to ensure efficient operations and timely completion of repairs.

PT KALDU SARI NABATI INDONESIA

2010 - 2011

Production Operator

- Worked as a production operator at PT Kaldu Sari Nabati, responsible for operating machinery and equipment to produce food products according to quality and safety standards. Executed production tasks efficiently and maintained a clean and organized work environment.

PT ENKEI INDONESIA

2009-2010

Machine (CNC) Operator

- Served as a CNC operator at ENKEI INDONESIA, responsible for operating computer numerical control (CNC) machines to produce precision automotive components. Executed machining tasks according to specifications and quality standards, ensuring accuracy and efficiency in production processes.
